## Epidemic Glutathione Deficiency

*"There is an epidemic deficiency of glutathione in patients today. In fact, glutathione deficiency is found in almost all chronically ill patients."*

Charles M. Scott, M.D.

## Glutathione is Critical

Glutathione (GSH) is one of the most critical molecules of the entire body. As the most important intracellular antioxidant, GSH regulates all other antioxidants while preventing damage to important cellular components caused by reactive oxygen species, such as free radicals and peroxides.

## The Leading Glutathione

Extensive research confirms that supplementation of Glutathione is a crucial requirement for superior health, effective treatment and prevention of disease. ACG glutathione now makes oral supplementing possible.

## Superior Results

The ability to effectively supplement GSH will be life-changing for your patients as they realize the substantial health benefits of optimizing GSH levels and minimizing oxidative stress levels; all with a simple intra-oral spray protocol.

## Instant Bioavailability

The significant efficacy of ACG Glutathione Extra Strength is achieved by atomized oral spray delivery and the instant bioavailability of key molecules at the cellular level.

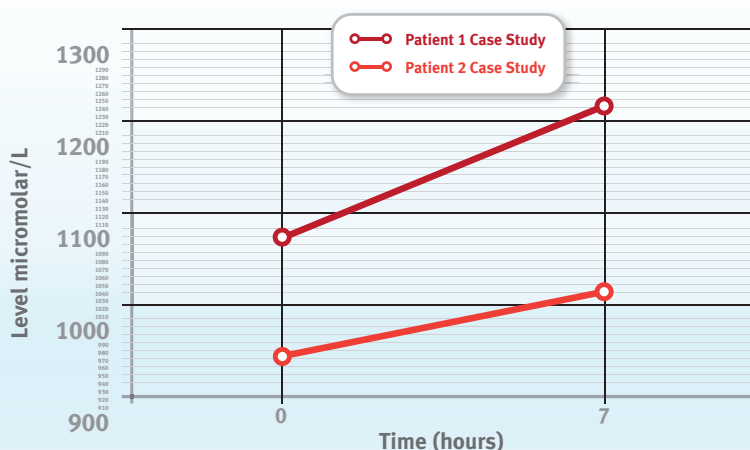

## Advanced Cellular Technology

ACG glutathione delivers the power of each ingredient in the most effective manner possible; achieving maximum results without stomach discomfort or side effects. With Advanced Cellular Technology, ACG glutathione Extra Strength Intra-oral spray is immediately absorbed, simple to take, and has a pleasant taste with a hint of natural mint.
