## VIOLATIONS

If, after making an investigation into any alleged or discovered Policy violation, and Results RNA determines to its satisfaction that a Reseller has advertised any Results RNA Products below the MAP price, or if it is determined that the Results RNA Products sold by a Reseller to any other person or entity which engages in Internet Advertising or advertises any Results RNA Products at a net resale price less than the MAP price, Results RNA may take one or more of the following steps:

**Step 1:** The Reseller will be notified in writing of the violation. A phone call or email might also be placed to notify the Reseller. The Reseller will then have five (5) business days to correct such violation and come into compliance with the MAP policy.

**Step 2:** If the Reseller fails to correct the violation within five (5) calendar days from the date the written notice was provided, Results RNA will immediately suspend sales of the Results RNA Products to the Reseller. The suspension will last for a period of thirty (30) calendar days, during which Results RNA will remove the Reseller from its list of Results RNA Authorized Resellers.

**Step 3:** Following the end of the thirty (30) day period referenced in Step 2 above, and provided that the Reseller did not otherwise violate the MAP policy during the thirty (30) day suspension period, Results RNA will reinstate the Reseller to full status. If the Reseller continues to be in violation of the MAP policy at the end of the thirty (30) day suspension period, it will be considered a second violation.

**Second Violation:** If a second violation of the MAP policy by the Reseller occurs in a twelve (12) month period, the Reseller will be notified that if the violation is not corrected within twenty- four (24) hours, Results RNA will immediately cease doing business with the Reseller and remove the Reseller from its list of Results RNA Authorized Resellers.
