Documented Results

Extraordinary Efficacy

Improves Memory and Mental Clarity

ACN neuro Extra Strength is a uniquely effective neurological health formula with ingredients shown to improve memory, boost alertness, increase cognitive performance and more.

Supports the Nervous System

As diseases such as Lyme or Alzheimer's progress, they can attack the nervous system, producing learning disabilities, mood swings, memory loss, anxiety and depression, panic attacks, obsessive behavior, and other psychiatric diagnoses. ACN neuro reduces mental anxiety and stress; specifically on brain cells while reducing neuroinflammation.

Acts as a Neuroprotector

ACN neuro supports the central nervous system, providing clinically proven ingredients shown to counteract chronic, age-related neurological disorders.

Reduces Anxiety and Stress

Both anxiety and stress cause a cascade of chemical reactions within the brain. ACN neuro increases cerebral blood flow; while reducing mental anxiety and stress.

Clinically Proven Results

Over 20 studies involving more than 5,000 patients have shown that Alpha-GPC increases alertness, boosts learning, and revitalizes mental performance. Studies also show it improves memory and mental clarity in people with severe mental decline.

Improves the Neuro-Psychiatric

ACN neuro supports psychomotor functions, mental clarity and enhances mood. Customers who use ACN Neuro Extra Strength claim improved memory, alertness, and improved feelings of well-being.

Neurological System Rejuvenation

ACN neuro Extra Strength effectively reduces neurological manifestations such as severe brain fog. Results are fast acting and safe.
